Our Mid Century Model Home Designed for Fire Rebuilds

	Reduce your project schedule by 6-10 months. Your plans are ready.
	Cheaper to build due to an efficient and simplified design scheme.
	Designed to be fire resistant. No wood framing and a metal roof.
	3 bedrooms/3 full baths. Master Suite with Walk in Closet and Separate Office.
	Standard and Custom Finishes Available. Fully Customizable.
	Scalable to any lot size. Add beds and baths and square footage.
	We design it, permit it, and we build it. One point of contact for your entire project.
